Are you a dynamic teacher interested in
GROWING YOUR OWN Teachers for your community?

Are you seeking opportunities to
mentor and nurture students interested in becoming educators?

Are you ready to become a TEACHER LEADER!

Educators Rising New Mexico is a recognized CTSO program through the NMPED. We support teachers and students ambitious to pursue their own education pathway as the next generation of educators!

Opportunities for leadership, student and teacher networking, involvement at state and national events, and personal teacher prep through annual professional development and one-on-one meetings are just a few of the benefits your chapter will have.
